

ACCEPTED SANITIZERS

NOTE: If a sanitizer is **not** on this list, then it **shall** meet **two** criteria to be acceptable:

1. **It must be a sanitizer or disinfectant (ingredients include a quaternary ammonium- not ammonia- compound, such as n-Alkyl dimethyl benzyl ammonium chloride) AND**
2. **It must be intended for use on acrylic (or tanning beds) or protective eyewear, as applicable.**

This list is not all inclusive and does not imply approval by DHEC.
